HH Family Fun: Don't Leave Anyone Behind!

At Hyland Hills, we have spent the cold winter planning for spring and summertime family fun! Our staff has designed dozens of recreational programs that the entire family can enjoy, no matter what your age, so nobody needs to be left behind. From sports to entertainment to creative fun, there is something for everyone. Also, for families looking for value in vacation options, why not "stay and play" at Hyland Hills where day trips for families can include Water World, Adventure Golf & Raceway, Hyland Hills Golf Courses, and the Ice Centre at The Promenade. Each of these facilities is well known beyond our District for their quality and value, and each draws visitors from a wide geographic circle. As a Hyland Hills resident, HH facilities are located close to your home and as a Hyland Hills resident you get special pricing on everything...what a great family value! Also, remember our Intergovernmental Agreement with the City of Westminster where you can enjoy resident rates at their facilities as well. All you have to do is present your Hyland Hills resident ID card and you are entitled to big discounts.

Please remember to periodically check our home page on the web where you can keep updated on more outstanding recreational programs and fun special events for everyone in your family. www.hylandhills.org

The Board of Directors, staff, and I, invite you to pick Hyland Hills facilities for your individual and family fun. Thanks again for your support of the District. We hope to see you all this spring and summer!

Greg Mastriona, Executive Director

Dear Hyland Hills Park & Recreation District Community:

When it comes to well-rounded children, it truly takes a village. The relationship between Adams County School District 50 and the Hyland Hills Park and Recreation District is one of the most important partnerships the school district relies upon when it comes to the education of students. Hyland Hills shares our goal to educate children, while serving the families that call this area home. That partnership includes the shared use of facilities so children and families have the opportunity to participate in recreational activities at several convenient locations. Taxpayer dollars are maximized through this partnership, as District 50 schools are used beyond traditional education programs, which benefits the entire community.

On behalf of the District 50 Board of Education, I encourage you and your family to participate in Hyland Hills activities and to enjoy the opportunities this unique and important partnership offers.

Sincerely,
Vicky Marshall, President, Board of Education
